P & C Associations: - A vital link within the school community

- The P&C Association provides a vital service to the school community. It is a Statutory Body established to provide the necessary link between the parents, caregivers, community member's school and students.

- "Research shows that children perform better at school when their parents are involved in their education."

What does a P & C do?

- The P&C is about people – people just like you – parents, care givers and community minded people who want to help their school. You work very closely with your school, building a stronger school community, where all children benefit.

- The P&C also provides financial resources for the benefits of students at the school. P&Cs do NOT provide administrative direction – that is the role of the school principal.

Why join the P & C?

- Actions always speak louder than words when it comes to valuing your child's learning. Joining the P&C is one of the best ways to show your children how much you value their education and how interested you are in what they do. By joining the P&C you are showing your children how committed you are to helping students and your school community.
